

YOUR FAST TRACK TO A **WELDING CAREER**

FSCJ's Florida Job Growth Grant is helping Northeast Florida meet the need for skilled manufacturing—and we need you! Students who enroll in our program will receive free training that can lead to positions with industry leaders such as JAXPORT, CSX, KB Rwyte, Arbon Equipment Corporation and Patriot Rails.

THE WELDING TECHNOLOGY WORKFORCE CERTIFICATE PROGRAM

offers an FSCJ Welding Certificate, as well as (AWS) SENSE 1, an industry recognized certification through the American Welding Society. SENSE 1 certifications include:

- Shielded Metal Arc Welding/Stick
- Gas Tungsten Arc Welding/TIG
- Gas Metal Arc Welding/MIG
- Flux-Cored Arc Welding

Annual
median pay
of \$19.35 per
hour.*

ELIGIBILITY This free training program is open to individuals who are low-income, unemployed, underemployed, incumbent workers, Military Veterans and spouses, displaced workers, disadvantaged and underrepresented populations, and those who have a significant workforce training need.

* Bureau of Labor Statistics, U.S. Department of Labor, Occupational Outlook Handbook (reference to bachelor's degrees)

Grant Disclaimer: Sponsored by Florida State College at Jacksonville and the State of Florida, Department of Economic Opportunity.

ENROLL TODAY We will connect you to a case manager who will guide you through the application process and answer any questions you may have.
